

FISHERS HIGH SCHOOL BAND PROGRAM

WHAT YOUR SPONSORSHIP SUPPORTS AT FISHERS HIGH SCHOOL

Your sponsorship supports hundreds of students across our music programs including:

- Approximately 250 students in the Fishers High School Marching Band making us the largest group of extra-curricular students/families in the school.
- Our Marching Tigers achieved 3rd place within the state of Indiana and were National Marching Band Semi-Finalists in 2021
- The FHS Jazz ensembles include nearly 100 students who play at area festivals and competitions. They have won soloist awards, honor band selections and achieved GOLD status at Indiana State Competitions (ISSMA) in 2022.
- Winter Percussion & Winter Guard involves 130 students. Our percussion group won 2022 WGI Scholastic Concert World Champions and our indoor drumline were Silver Medalists in the State of Indiana! Our Fishers World Guard finished 5th at the 2022 WGI Championships.
- The Pep Band (with 100+ students) entertains fans at both boys & girls basketball games.
- We have approximately 30 soloists and 80 other students in ensembles who qualified for the Indiana State competitions. We are proud to have multiple students selected to the All-State Band, Jazz Band & Orchestra groups, the Indianapolis Symphony Side-by-side Orchestra and the IMEA Honor Concert Band.

We are also very proud to host one of the area's biggest (& best!) marching band competitions, the Fishers High School Invitational. Our Invitationals typically host around 20 bands from across Indiana & neighboring states, featuring over 2,500 students and families who attend to watch some of the best marching bands in the country. We hired some of the nation's best adjudicators who provided educational clinics to attending Directors and Students.

The Invitational is even larger than the Mudsock game (HSE vs. Fishers football) and our sponsors receive significant advertising and visibility at the event including banners, public recognition, program ads as well as tickets for the event and a VIP hospitality room to enjoy during the event.

And to top off this amazing year, the **Fishers Marching Band was selected to march in the 2023 Macy's Thanksgiving Day Parade!** This is a momentous distinction as only 6 bands were selected among over 100 band who applied. We are so excited to represent our high school and the entire city of Fishers in NYC.

The Tiger Band would love to have your support! We are growing by 25-50 students each year and need an increased amount of community partnerships to meet the needs of our band programs.

We hope you will partner with the Fishers High School Band Program, which helps support music within our school which has been proven to help high school students achieve higher levels of success in multiple areas including standardized tests (shown in studies in both math and verbal scores), self-confidence, coordination, teamwork, creative thinking and self-discipline. We could not support the hundreds of great kids within our various band programs without community support. Thanks for your consideration!!
